

Agreement on equipment in the apartment

Sometimes the current tenant and the new tenant make an agreement about extra equipment that is not included in the apartment, for example a painted wall, cabinets, shelves etc.

With this agreement the new tenant is responsible to remove these things the day he/she is moving out. Chalmers Studentbostäder is not responsible to repair or replace the extra equipment.

If you have any questions, don't hesitate to contact your housing host on info@chalmersstudentbostader.se
